2 August 1983
DDW-22

Weekly Activities and Status Report for DD/ICS--3 August 1983

CIPC Organizational ActivitiesMeasurement and Signature Intelligence (MASINT):

25X1

● Subsequent to your review and concurrence, subject paper reflecting the members' recommendations of 25 July was forwarded to the Committee members for their review, comment and concurrence on 1 August 1983.

- In essence, the paper recommends that:

1. the term MASINT will be used and

25X1

2. a subcommittee under the SIGINT Committee will be established.

- The members' comments/concurrence are due by 12 August.

- Subsequent to the members' review, the MASINT paper will be modified, as appropriate, and forwarded to the DCI for his approval.

Intelligence Collection Against China:

25X1

● A draft TOR on this study has been developed and is presently under review by the CIPC staff. The TOR narrows the focus of the study; it will specifically address intelligence gaps related to:

25X1

- The draft TOR will be ready to forward to the members this week--we will coordinate with you prior to forwarding. *Forwarded to you on 3 Aug*

- We are seeking membership coordination by 17 August. Additionally, we are requesting that the members identify their respective working group representatives by this date and welcome any nominations for the working group chairman.

WORKING PAPER

~~TOP SECRET~~

25X1

25X1

TOP SECRET [REDACTED]

25X1

● The next CIPC meeting is still tentatively scheduled for 29 August--the Strategic Cruise Missile Report continues to be the primary agenda item.

25X1

● Provided MGEN Pfautz, per his request, up-to-date ICS and CIPC organizational charts. Copies will also be provided to the other members. (Attached)

25X1

● We met with the Working Group Chairmen on 28 July:

25X1

- The Narcotics Working Group may have difficulty meeting its August due date--it may slip to September;

25X1

- The Cruise Missile Working Group continues to be optimistic in meeting their due date of 16 August. The report is essentially drafted and is presently undergoing editorial review and fine tuning.

25X1

● The next meeting with the Working Group Chairmen is scheduled for 11 August.

25X1

● On 28 July, [REDACTED] visited NSA and met with Bob Rich and other senior NSA management to brief them on the Miami trip and to discuss narcotics matters in general.

● We have played musical chairs within the office--we now have space for [REDACTED] within our office. We anticipate that he will move in on 2 August.

25X1

● Leave Plans:

25X1

- 15-19 August
- 4-12 August
- September

25X1

Narcotics Projects and Activities:

25X1

● [REDACTED] prepared talking points for [REDACTED] 3 August briefing of Senator Chiles (D-FLA) on the IC's role in reviewing narcotics issues. [REDACTED] will focus on the establishment of the CIPC as a DCI committee; the Narcotics Working Group's efforts to date; issues identified and problem areas remaining. [REDACTED] will share the briefing with Dave Gries/NIO for Narcotics and [REDACTED] NSA.

25X1

25X1

25X1

● On 2 August, discussions were held between the CIPC staff, [REDACTED] and CAPT Nick Schownegerdt of the Vice President's staff to discuss their general concern over the classification of narcotics intelligence and its use by the Law Enforcement Community. [REDACTED] of OGC was present for part of the discussion. The White House/OVP is clearly looking to the CIPC to come up with sound recommendations on this difficult issue. Also, we are scheduled to meet with [REDACTED] and Nick on Friday to discuss Intelligence Community representatives at the respective NBIS locations.

25X1

● On 27 July, [REDACTED] attended a meeting with [REDACTED] OGC,

25X1

2
TOP SECRET

TOP SECRET [REDACTED]

at DoT. This was a follow-up meeting to one held a week earlier with IS00 to discuss whether Coast Guard narcotics-related information should receive a national security classification.

[REDACTED]

● On 28 July, representatives from DEA, DDO and Customs met with [REDACTED] and [REDACTED] to discuss what will be required for the interdiction section of the narcotics final report. DDO furnished written input; DEA will be providing additional data soon.

25X1

● A draft memorandum was prepared from [REDACTED] to the Chairman, DCID 1/2 Committee, recommending a revision of the definitions for "Illicit Drug Traffic" to separate drug production from drug trafficking. This is the result of an overall review of all definitions in DCID 1/2 requested by the Chairman. This revision is based upon the recognition that trafficking distribution is global and involves geographic areas that are well removed from source country production. A copy was provided to the Narcotics Working Group for their consideration.

25X1

● The Narcotics Working Group has developed a proposal for establishing a new control marking to identify narcotics intelligence exchanged between law enforcement and intelligence agencies. The marking "DRUGINTEL/ORCON" would be backed up by handling procedures agreed to and implemented by all agencies.

25X1

Strategic Cruise Missile Study: [REDACTED]

● [REDACTED] attended a meeting of [REDACTED] SALT Monitoring Working Group to discuss several items requiring possible action by WG members. These items include:

25X1

- Request for inputs in response to D/PBS's questions on resources for arms control monitoring and verification. This is a topic for discussion at an off-site conference.

25X1

- [REDACTED]
- Discussion of NSDD-65, which designates The Arms Control Verification Committee as an NSC subcommittee headed by Judge Clark, will take place at NFIB.

25X1

TOP SECRET [REDACTED]

25X1

TOP SECRET

25X1

A more detailed memorandum for the record has been prepared on this meeting.
(MFR attached)

- The Cruise Missile WG met on 27 July and discussed form and format of recommendations to be included in the final report. Most draft recommendations survived WG scrutiny, but a decision to reformat the manner of the presentation was made. The recommendations had previously been arranged topically, but they will now be grouped in three general categories:

I. Procedural changes

II. Changes to current and programmed systems

III. New system recommendations

25X1

The reformatting will also facilitate the process of prioritizing the recommendations which is scheduled to take place at the 3 August working group meeting. Major editing of the draft remains to be done in order to meet required deadlines.

CW/BW Future Monitoring Potential:

25X1

- Arrangements were completed for a briefing to the Chairman, CIPC, and interested staff by FSTC concerning operational and logistical consideration with chemical weapons. A representative of the Army ACSI, and another (probably) from the Army's Intelligence Threat Analysis Center (ITAC) will also attend. This briefing will be held at 1330 on 11 August in the C/CIPC's office.

25X1

PRC Gaps Working Group:

25X1

- Drafting of the Terms of Reference was completed and revised to accommodate

internal CIPC staff comment. The TOR plus cover memo package should be distributed to CIPC principals (and other interested committees) shortly.

Imagery Exploitation Planning:

25X1

On hold until September by CIPC/COMIREX mutual agreement.

Integrated Damage Assessment:
